

# Best of Lung Cancer Conference 2024

Friday, November 1, 2024

Vantage Venues | Toronto, ON

Chaired by **Dr. Paul Wheatley-Price** and **Dr. Penelope Bradbury**, the Best of Lung Cancer Conference 2024 offers Canadian oncology professionals a unique opportunity to stay current on the most impactful lung cancer data and treatment advances presented at ASCO® and ESMO 2024 congresses.

Expert speakers will distill key trials and clinical findings into actionable insights, helping clinicians integrate new standards of care and diagnostic tools into their practice. This conference is essential for staying at the forefront of lung cancer treatment and enhancing patient outcomes with the most current, evidence-based practices.

## Learning Objectives

1. Review emerging strategies for immunotherapy and targeted therapy in non-small cell lung cancer, both early-stage and metastatic disease.
2. Describe the emergence of novel issues in lung cancer, including equity of care, management of difficult symptoms, and neuroendocrine tumours.
3. Summarize standard of care variations and recent advances in radiotherapy and systemic therapy in small cell lung cancer.
